 Initial Proposal Stage .....2  
 Program Overview

## Initial Proposal Stage

During the Initial Proposal Stage, submissions will be evaluated, and a subset of initial proposals will be invited to submit a detailed Full Proposal for funding consideration. Initial Proposals should speak to the importance of the p4 (l)3.9 i9 (b)-3.7w( to th).3 ( )1J(o)1ataropod Fun8.7 (r)-

“Health equity means that everyone has a fair and just opportunity to be as healthy as possible. This requires removing obstacles to health such as poverty, discrimination, and their consequences, including powerlessness and lack of access to good jobs with fair pay, quality education and housing, safe environments, and health care.”<sup>1</sup>

Funds may be used to support personnel, participant enrollment, small equipment purchases, supplies, travel, and other direct expenses that are needed for the project completion.

A partial list of examples of past projects supported by the Noonan Fund includes:

- A. The completion of community-based participatory research, in which community partners are actively engaged in any or all aspects of the proposed project and may serve as principal or co-investigators, or collaborators on the project.
- B. The completion of a pilot project to test the feasibility and effectiveness of a program and to enable additional funding support or provide evidence to promote development or scaling up of an intervention/program/course in a clinical program, school or community-based agency.
- C. The completion of detailed, comprehensive

centered on disability and must present a clear statement of the problem, the originality their work, and how the problem will be addressed in either a

# Application Instructions
